Camp Canine is a 14,000 sq. feet area devoted to letting dogs play. We have a 1680 sq. ft. pole barn for rainy days. An inside, 1176 sq.ft. rest/play area has a thick, recycled rubber floor providing excellent traction for wet paws; and it is soft and cushiony into the bargain. We are able to separate the small dogs from the larger breeds.

There is a ratio of 16 big dogs or 20 small dogs per supervisor, so reservations are required. Once a day is full, we can't add extra dogs. Our staff is there to entertain and play with the dogs, not just watch them. They have been trained in techniques to minimize adverse incidents between the dogs and maximize enjoyment.

We have an agility playground, with cement tunnels to hide in, a railroad tie pile to climb on and a pond for water lovers. Rest periods are interspersed with play and exercise times.

All dogs must be current on vaccines, have negative fecal parasite tests, and have their infectious bronchitis vaccine administered twice a year. Must be spayed or neutered.

How the daycare works: Your dogs will play, run, wrestle and socialize. They will arrive home tired and played out. A report card is sent home to share the details about their day. It may include something noteworthy or funny and may also share details about any minor bumps and collisions that happen during the day. It will also let you when shots are due or when his/her package is running low.
